4. What is the overview of the media and entertainment sector in India and the performance of this sector in recent times?

The Indian Media and Entertainment sector is valued at approximately \$ 12 bn in 2015 and expected to double by 2020. Out of the various sub sectors, one of the highest growing sub-sectors would be digital advertising with a CAGR of 30%. Further, India is known to have the second largest TV market in the world. The performance of the sector can be found in the achievement report at the following link.

5. Is the government proposing to create a regulatory agency for television broadcasters?

In 2006, the government had prepared a Draft Broadcasting Services Regulation Bill, 2006. The bill made it mandatory to seek license for broadcasting any television or radio channel or program. It also provides standards for regulation of content. It is the duty of the body to ensure compliance with guidelines issued under the bill.

6. After the application of WOL, can we start the transmission before we have obtained the Wireless Operating License?

No, one is not legally supposed to begin the operational transmission. However, you can try doing test transmission.

7. Who is responsible for interpolations?

Any person who exhibits or permits to exhibit interpolated film is responsible. It has to be observed whether the characters involved in the main film are also involved in the interpolated bits. If it is so, then one can infer that the producer and the distributor may also be responsible for interpolation. According to Section 7(b) of the Act, if any person, without lawful authority, alters or tampers with in any film, after it has been certified, will be committing a crime under Cinematograph Act. It is to be noted that the burden of proving the lawfulness of the act shall lie on the person who altered or

tampered with the certified film.
